

LIGHT MY WAY

0-2
years

How to use your flashcards

These cards have been designed to take you and your children through a multisensory journey of ideas and images that have significance to us as Ismailis.

Using the popular and playful tool of flashcard learning, you can introduce your children to new words, images and concepts and extend their understanding of words they may already be familiar with.

Each letter of the alphabet is written as capital and in lower case. There is a word associated with that letter, for example, K is for Kindness. A hand-illustrated image has been created for each word.

Take your time with each card and adapt your exploration depending on your child's age, ability and interests.

For example, you could:

Point to the letter to explore its shape

Sound out the letter

Show the image and explore its colours

Have a conversation with your child about the word and the image

Encourage your child to think of other words beginning with this letter

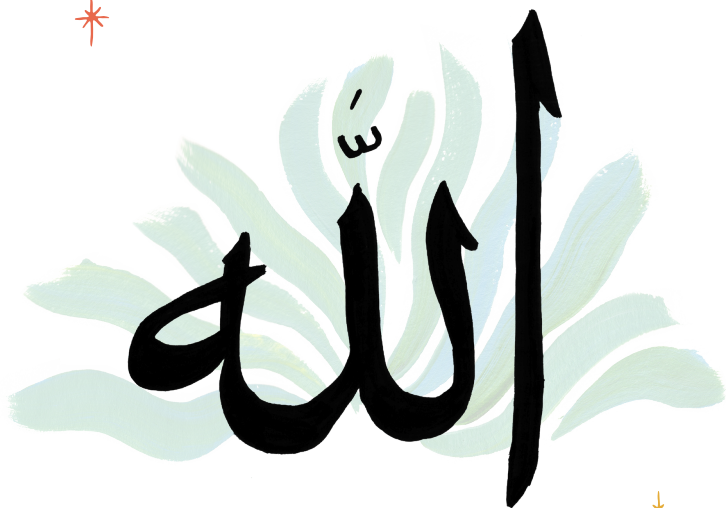

Provide paper and pen to copy or draw their own images

DIDAR MUBARAK

Aa

is for Allah

Allah the Creator

Bb

is for Bismillah

Bismillah

Bismillah

I say Bismillah before every meal

Cc

is for Creation

Allah's creations are everywhere
